

Comprehensive Plan Advisory Group

Minutes

Monday, July 11, 2016

Attendees: Preston Crow (chair), Yolanda Greaves, Kris Briggs

Call to Order: 8:03AM

Preston gave an overview of how the Planning Board is looking to merge the MAPC draft with the 2003 Comprehensive Plan to create a new partially updated plan instead of doing the entire plan. The hope going forward would be to update one section a year instead of doing a full plan.

Yolanda talked about the Town Manager's Strategic Plan.

Discussion of the MAPC draft.

Yolanda will follow up with Jim Adams to get the School Department's projections for student population which we believe is inconsistent with the MAPC data.

Preston will follow up with the Open Space Committee to obtain their updated Open Space Plan.

Kris talked about a goal of keeping water within town instead of sending sewage waste outside of the watershed.

Focused Growth: This is the direction, and we need to add this to the document, probably at the end of page 25.

Motion to approve these minutes and adjourn at 8:40.
(motion by Yolanda, seconded by Kris, passed 3-0)
