

## **PESTICIDE AND HERBICIDE DATA BOOKLET**

Prepared by the Ashland Board of Health May, 2015

**DISCLAIMER: Nothing in this booklet is intended to provide medical advice, diagnosis or treatment.**

## **Table of Contents**

### Introduction

|   | page      |
|---|-----------|
| <b>I. SIGNAL WORDS AND WARNING SIGNS</b>            | <b>1</b>  |
| Some examples of common Signal Word labels          | 4         |
| GHS Pictograms                                      | 5         |
| Products without Signal Words                       | 6         |
| Using Signal Words                                  | 7         |
| <br>  |           |
| <b>II. COMPOUNDS DEFINED AS PESTICIDES</b>          | <b>8</b>  |
| Types of Pesticides                                 | 9         |
| Pest Types  | 9         |
| Chemical Pesticides                                 | 10        |
| Natural or Common Source                            | 11        |
| <br>  |           |
| <b>III. METHOD OF ACTION</b>                        | <b>12</b> |
| Insecticides  | 12        |
| Organochlorines                                     | 13        |
| Organophosphates                                    | 14        |
| Carbamates  | 16        |
| Pyrethroids   | 18        |
| Choosing the right formulation                      | 21        |
| Low Impact Pesticides                               | 21        |
| Types and uses of Pesticide Formulations (table 1)  | 22        |
| Classification of Low Impact Insecticides (table 2) | 24        |
| Conventional Insecticides                           | 25        |

|   |    |
|---|----|
| Classification of Conventional Pesticides (table 3)               | 26 |
| Organic vs Synthetic Pesticides                                   | 27 |
| Organic Herbicides  | 28 |
| <br>  |    |
| IV. METHOD OF ACTION  | 31 |
| Herbicides  | 31 |
| Growth Regulators   | 32 |
| Seedling Growth Inhibitors  | 32 |
| Photosynthesis Regulators   | 33 |
| Membrane Disruptors   | 33 |
| Amino Acid Synthesis Inhibitors                                   | 34 |
| Meristematic Lipid Synthesis Inhibitors                           | 35 |
| Nitrogen Metabolism Inhibitors                                    | 36 |
| Pigment inhibitors  | 36 |
| Alphabetical List of Herbicide Trade Names (table 4)              | 36 |
| <br>  |    |
| V. INERT INGREDIENTS AND ADJUVANTS                                | 41 |
| Inerts Defined  | 41 |
| Inadequate Assessment of the Hazards<br>of Pesticide Formulations | 42 |
| <br>  |    |
| VI. SYNTHETIC PESTICIDES BY BRAND NAME                            | 44 |
| <u>RoundUp</u>  | 44 |
| - Active Ingredient   | 45 |
| - Mode of Action  | 46 |
| - Acute Toxicity  | 47 |
| <br>  |    |
| <u>Bifenthrin</u>   | 49 |
| - Description and uses  | 49 |
| - Health and Environmental Effects                                |    |
| <br>  |    |
| <u>LESCO® LockUp Extra 2 Plus Fertilizer</u>                      | 52 |
| <b>2,4,D</b> 2,4, - dichlorophenoxy acetic acid                   | 52 |
| - Uses  | 53 |
| - History   | 54 |
| - Routes of Exposure  | 54 |
| - Human Health Effects  | 55 |
| - Chronic Toxicity  | 56 |

|  |    |
|--|----|
| - Cancer   | 56 |
| - Reproductive Effects                                   | 57 |
| - Carcinogenicity  | 58 |
| - Environmental Effects                                  | 58 |
| - Regulation, Precautions, Sources of Potential exposure | 59 |
| <b>Dicamba</b>   | 61 |
| - Chemical Description                                   | 62 |
| - Uses and Human Health Effects                          | 62 |
| - Environmental Health Effects                           | 63 |
| <b>Penoxsulam</b> Conclusions and Recommendations        | 64 |

## VII. ORGANIC HERBICIDES BY BRAND NAME 66

|   |    |
|---|----|
| Organic Herbicides                          | 66 |
| Healthy Lawn Basics                         | 66 |
| Improve the Soil                            | 67 |
| Watering Procedures for various grass types | 69 |
| Commercial Products    Acetic Acid          | 69 |
| Corn Gluten Meal                            | 70 |
| Avenger Weed Killer                         | 71 |
| Botanical Weed and Grass Herbicide          | 72 |
| Weedzap                                     | 72 |
| Natur'l Oil                                 | 73 |

## HELPFUL LINKS

## INDEX

## APPENDICES

### **APPENDIX A**            Inert Ingredients

## **Inert Ingredients Eligible for FIFRA 25(b) Pesticide Products**

### **Unidentified Inert Ingredients in Pesticides: Implications for Human and Environmental Health**

#### **APPENDIX B**            U.S.A. Pesticide use

##### **EPA Report, Pesticides Industry Sales and Usage: 2006 and 2007 Market Estimates.**

**Chart I**    User expenditures in the USA by pesticide type and market sector, 2007 estimates

**Chart II**    Annual user expenditures by pesticide type, 1988 – 2007 estimates, all market sectors

**Chart III**    Annual pesticide active ingredient use, 1988 – 2007 estimates, Home and Garden market sectors

**Chart IV**    Annual user expenditures on pesticides, 1988 – 2007 estimates, Home and Garden market sectors

**Chart V**    Annual amount of pesticide active ingredient, by pesticide type, 1988 – 2007 estimates, all market sectors

#### **APPENDIX C**    Carcinogenicity Studies

##### **Carcinogenicity: Determining Methods**

- PAN Carcinogen Categories
- U.S. EPA-OPP Carcinogen List
- U.S. EPA Toxics Release Inventory Carcinogen List
- IARC Carcinogen List; U.S. NTP Carcinogen List
- State of California Proposition 65 Carcinogen List

**Carcinogenicity of tetrachlorvinphos, parathion, malathion, diazinon, and glyphosate**

**Is Roundup Weedkiller a Brain Damaging Neurotoxin?**

**Glyphosate, Hard Water and Nephrotoxic Metals:** Are they the culprits behind the epidemic of chronic kidney disease of unknown etiology in Sri Lanka?

## **APPENDIX D** Environmental Effects

**Sub-lethal exposure to neonicotinoids impaired honey bees winterization before proceeding to colony collapse disorder**  
<http://www.bulletinofinsectology.org/pdfarticles/vol67-2014-125-130lu.pdf>

**Use of common pesticide linked to bee colony collapse**  
<http://www.hsph.harvard.edu/news/press-releases/colony-collapse-disorder-pesticide/>

**Colony Collapse Disorder: European Bans on Neonicotinoid Pesticides**  
<http://www.epa.gov/pesticides/about/intheworks/ccd-european-ban.html>

**SOIL HEALTH: Are regulators dropping the ball on biocrops?**  
<http://www.reuters.com/article/2010/04/13/us-usa-gmos-regulators-idUSTRE63C2AJ20100413>

**Soil is the Stomach of the Plant**  
<http://www.resilience.org/stories/2015-04-21/soil-is-the-stomach-of-the-plant>

**Technical Factsheet on: GLYPHOSATE, National Primary Drinking Water Regulations** <http://www.epa.gov/ogwdw/pdfs/factsheets/soc/tech/glyphosa.pdf>

## **APPENDIX E** Glossary of terms and Abbreviations
