Sustainability Committee:  
How We Can Become Net Zero by 2040

Wednesday, April 13, 2022

6:30 PM

Ashland Public Library  
Schieske Room  
66 Front Street  
Ashland, MA

Meet the committee and learn about our key focus areas: achieving net zero carbon by increasing the use of clean energy and electric vehicles, electrification of heating and cooling in buildings, plastic and waste reduction, curbside composting, and natural resource protection. Engagement with the community is vital—join the event in person or virtually to learn how the plans might affect you and let us know what's important to you.

Learn more about the [Sustainability Committee](#), Ashland's [Net Zero Resolution!](#) and the [NetZero Plan](#)

This is a HYBRID program so you can attend in person or online. All participants must register so we know how many to expect at the library and virtually.

If you are joining us online, **[PLEASE REGISTER FOR THE ZOOM LINK](#)**. It will be coming from [ashlandprograms@minlib.net](mailto:ashlandprograms@minlib.net). Please check your spam folder if you don't see the confirmation email in your inbox.
