Ref: Warren Center – Northern Lodge

Dear Sir,

We are writing this letter to request a waiver to the requirement for an EXTERNAL GREASE INTERCEPTOR as defined by the Regulations and Specifications – Management of Fats, Oil and Grease Rev #4 dated March 9, 2010 for the above referenced project. We make this request for the following reasons:

- Cooking or preparing food will be kept to a minimum
- An internal GREASE TRAP will be installed under the 3 bay wash sink located in the kitchen area per the General Provisions as specified under Section 315-4 in the Regulations and Specifications referenced above.

A floor plan of the location has been attached for your reference.

Please feel free to reach me at 508 330 4159 should you have any questions or need any further information.

We look forward to hearing from you soon

Sincerely,

*Dennis A. LaPlante*
