RE: Minor Modification Request: Order of Conditions #95-0966
Sudbury River Access Facility
Ashland, MA

Dear Ms. Solomon,

The Massachusetts Department of Fish and Game, Office of Fishing and Boating Access is providing the enclosed electronic copy of the finalized construction plans per Special Condition 21g. As discussed during the Pre-construction meeting on 10/2/2023, the 6' wide pathway to the fishing area has been modified to meet ADA accessibility standards (1:20 slope). Additionally, the circular shaped fishing area on the permit plans has been modified to a square shape due to excessive lead time for radius granite curbing.

Your assistance with placing this item on the next October 16th agenda is greatly appreciated. Please do not hesitate to contact me with any questions via email at Michael.E.Count@mass.gov or by phone at (508) 614-5725.

Best Regards,

Michael Count
Civil/Coastal Engineer
