## **2020 Grant Season Rules Relaxed For COVID**

We at the Ashland Cultural Council, are doing everything we can to support artists and performers as well as cultural institutions that are taking a big hit. With this in mind, we are relaxing our rules for grant recipients.

1. Grant recipient has the option to cancel/back out of the grant
2. Grant Recipient will be extended an additional 12 months beyond the required performance period to execute their project. They can execute through December 2021.
3. The execution if planned live or in person, can be executed online, via zoom or one of the other live platforms to receive grant monies. The ACC needs to be notified of this change at least a week before the program execution date.
4. Whatever the grant recipient has decided to do, they will need to let the Ashland Cultural Council know via email, before midnight on June 30th. Later responses will risk grant cancellation.
5. Ashland Cultural Council members are available to answer questions or provide guidance along these stated lines via email

Thank You!
